STAT

MEMORANDUM FOR:

FROM

:

Office of General Counsel

SUBJECT

: Justice Department Amendments to Polygraph Bill (S. 1845)

1. The Justice Department amendments were developed in coordination with OLC and this Office. We therefore concur in the proposed language, but with one qualification.

2. The intelligence agency exemption in section 247(b)(1)(B) of the bill should include "employees of contractors" along with "contractors." We understand that this omission was inadvertent and that the Justice Department will circulate an addendum to correct it.
